- Hindi
- Urdu
- English

STRENGTH

- Quick Learner
- Problem Solving
- Team Work

TRAINING / INTERNSHIP EXPERIENCE

Internship Trainee

Apr 2025 - Aug 2025

Grad Guru (Android Apps Development)

- Completed hands-on training in Android development using Kotlin, XML, and Firebase
- Built multiple practice applications focusing on UI/UX and real-world scenarios
- Gained understanding of mobile app architecture and Firebase integration

PROJECTS

- **Gallery App (MERN Stack)**

GitHub(Frontend): <https://github.com/mudassardevr/gallery-frontend>

GitHub(Backend): <https://github.com/mudassardevr/gallery-backend>

Live: [Gallery App](#)

Developed a full-stack gallery application with image upload using Cloudinary, secure authentication using JWT, and protected routes. Implemented REST APIs for managing user-specific data and built a responsive UI using React and Tailwind CSS.

- **Authentication System**

Built a secure login and registration system using Node.js, Express, and MongoDB with JWT-based authentication and protected routes.

- **Task Tracker (MERN)**

GitHub(Frontend): <https://github.com/mudassardevr/task-manager>

GitHub(Backend): <https://github.com/mudassardevr/task-manager-backend>

Live: [Task Manager](#)

Created a CRUD-based task management application allowing users to add, update, and delete tasks with real-time UI updates.

- **PlayStation UI Clone (Frontend)**

GitHub: <https://github.com/mudassardevr/Playstation>

Live: [Play Station](#)

Built a responsive single-page PlayStation UI clone using HTML and Tailwind CSS. Focused on modern UI design, layout structuring, and responsive styling to replicate a real-world interface.
